

Transport Safety - SAFE FOLLOWING DISTANCE CAN SAVE LIVES

"Protect yourself and everyone around you"

TAILGATING STEALS YOUR REACTION TIME:

One sudden brake, one second too close and a life can change forever. **Keeping a safe distance** is not just about the rule but it is about giving **yourself**, and **others**, a chance to **survive**.

STOPPING DISTANCE - BRAKES APPLIED AT 60 KM/HR

ALWAYS FOLLOW THE 4-SECOND RULE:

Maintain at least a **4 sec** gap in normal condition. **Increase** safe following distance **3 ~ 4 times** in **rain, snow, or ice** road conditions. **STOP** driving if visibility prevents maintaining a safe distance or icy conditions causes loss of vehicle traction or control.

RECOMMENDED MINIMUM TIME GAP FOR FOLLOWING A VEHICLE AT ANY SPEED:

KEEP DISTANCE
KEEP FOCUS
KEEP SAFE
